FOR YOUR DIGITAL JOURNEY

INNOVATIVE CREATIVE TEAMWORK

SEE WHAT PICAR CAN DO FOR YOU

POWERING YOUR WAY TO DIGITAL TRANSFORMATION

PICAR Technologies® is one of the leading manufacturer and service Provider Company. We are providing Printing Services (OMR Answer Sheet, Question Papers, Physical Efficiency Test (PET), and Banking Usable etc.), IT solutions /IT services, Security Services and Digitization to the Government Department, Educational Institutions, Banks as well as financial institutions.

PICAR provides end-to-end solutions in printing & enterprise mobility with consulting, design and development and development on various mobility platforms. PICAR has the technically sound development team who can design and develop any applications however complex may be and customize as per the needs of the user group. PICAR follows the proven software engineering methodologies at our development centre.

At PICAR, through digital transformation we strive to create the best services and digital solutions of tomorrow, technology and business is the way forward. Every day. We power progress for our clients and partners. It is our unique approach as business technologists that make this possible.

WE INCREASE YOUR BUSINESS

Accelerate your economy growth

DIGITIZATION OF THE ECONOMY IS ACCELERATING:

By 2018 our world will be ever more connected:

2 out of 3 human beings with smart phone
25 billion social network users More than 25
Billion connected objects

The total amount of data being captured and stored
By industries double almost every 15 months.

All companies need to rethink how they will remain
Or become strong in the economy of data.

WE PROVIDE THE BEST SERVICES
